

PROTECTIVE BARRIER CREAM

An advanced formulation barrier cream that gives protection whilst replenishing the skin.

USES

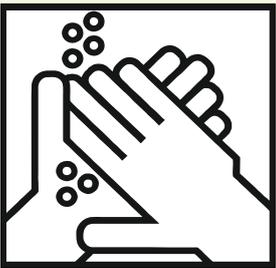

An advanced formulation *Protective Barrier Cream* which gives protection whilst replenishing the skin.

A thick, pink cream made from a blend of skin emollients and conditioners, *Protective Barrier Cream* is medicated to help prevent dermatitis. Effectively protects skin from cutting fluids, oils, greases, aqueous detergents and cleaning fluids.

Recommended for use in a variety of working environments, e.g. factories, garages, warehouses.

DIRECTIONS

Dispense a small quantity onto clean hands before starting work. Rub into the skin, ensuring all areas are covered, even under the fingernails. If hands are rough or chapped, re-apply.

AREAS OF USE

Hands
