

### Product main features

Ball pen, clicker ball pen and gel ball pen in ballpoint, rollerball and fountain pen formats. Available in 1.2 mm for a fine write or 1.0 mm, long lifespan, light in feel, no metal parts, 100% recycled, 100% compatible with documents and stamps, made in France.

#### Cartridge made by BIC

Long and smooth ballpoint tip

Cartridge made in plastic

- Environmentally friendly
- Recyclable
- Compatible with documents and stamps

Available in:

#### Point made by BIC

Super-precision point manufacturing process for complete ink flow

#### Tempered multi-ball ball

Perfectly spherical and treated ball tips of 50 balls per cartridge ensure quality and writing precision at a low ink consumption and without ink.

#### Rolling plug in polystyrene

Reduces evaporation, increases ink lifespan

#### Feeding hole

Ensures the amount of ink inside the pen will be the same outside to guarantee ink flow

#### Clear hexagonal barrel in polystyrene

Lightweight, modern design

#### Textured cap in polypropylene

Reduces evaporation, increases ink lifespan

### Process and Controls

100% manufactured in France

More than 10 quality controls are implemented throughout BIC Cristal® production process. Non-compliance may lead to product recall.

### Norms and regulations compliance
