USB 3.0 to VGA Converter

Connect a VGA monitor to the USB 3.0 Type A port

| DESCRIPTION

- Easily connect an additional VGA monitor or projector to your PC's USB 3.0 port
- Requires an Intel i5/7 series 3rd Generation (or higher) processor
- Easy to install and bus-powered from USB 3.0 port
- Compatible with Windows 7, 8 & 10
- 2 year warranty

The Lindy USB 3.0 to VGA Converter allows users to display Full HD 1080p video and graphics on your TV, monitor or projector via a computer's USB 3.0 Type A port making this adapter perfect for notebooks and ultrabooks.

Perfect for connecting a HD display to USB 3.0 Type A equipped computers this installation free adaptor is a simple, high performance alternative to installing a traditional graphics card. It can be used as a primary, mirrored or extended desktop. Simply install the driver and then connect the adapter to a computer. Before installing this converter, please make sure that no DisplayLink or MCT drivers are installed.
