1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

Product Identifier

Product Name Xerox® Everyday™ Tone	r for	Brother HL-L5000, Brother HL-L6200, Brother MFC-L5700, Brother MFC-L6700, Brother MFC-L6900, Brother DCP-L5500, Brother DCP-L5600	
Part no.	006R04586,	006R04587, 006R04577, 006R04578	
Color Pure substance/mixture	Black Mixture		
Relevant identified uses of the subs	stance or mix	ture and uses advised against	
Recommended Use	Xerographic	printing	
Details of the supplier of the safety	data sheet		
Manufactured by	Xerox Corporation Webster, NY 14580		
For further information, please cont	act		
Contact person	Manager, Environment, Health, Safety & Sustainability		
E-mail address	askxerox@xerox.com		
Emergency telephone		nation US: (800) 275-9376 nergency only (Chemtrec) (800) 424-9300

2. HAZARDS IDENTIFICATION

Classification of the substance or mixture

This product contains no hazardous ingredients that meet the threshold for classification of the mixture.

Customer use / Cartridges and sealed bottles

 OSHA Hazard Classification
 This product is an article which contains a mixture / preparation in powder form. Safety information is given for exposure to the article as sold and used by the customer. Intended use of the product is not expected to result in exposure to the mixture / preparation based on the packaging and method of dispensing.

 While this material is not considered hazardous by the OSHA hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information for the safe handling and proper use of the product. This SDS should be retained and made available to employees and other users of this product.

Label elements

Page 2/8

Xerox Everyday Toner- Black

Signal Word	None
Hazard Statements	None required
Precautionary Statements	None required

Other hazards

Not a PBT according to REACH Annex XIII May form explosible dust-air mixture if dispersed

3. COMPOSITION/INFORMATION ON INGREDIENTS

Mixtures

Chemical Name	CAS No.	Weight %	Classification (Reg. 1272/2008)	Hazard Statements
Styrene/acrylate copolymer	25767-47-9	70-80		
Polypropylene wax	9003-07-0	5-15		
Carbon black	1333-86-4	3-10		
Amorphous silica	7631-86-9	<1		

"--" indicates no classification or hazard statements apply.

4. FIRST AID MEASURES

Description of first-aid measures

General advice	For external use only. When symptoms persist or in all cases of doubt seek medical advice.		
	Show this material safety data sheet to the doctor in attendance.		
Eye contact	Immediately flush with plenty of water. After initial flushing, remove any contact lenses and		
	continue flushing for at least 15 minutes		
Skin contact	Wash skin with soap and water		
Inhalation	Move to fresh air		
Ingestion	Rinse mouth with water and afterwards drink plenty of water or milk		

Most important symptoms and effects, both acute and delayed

Acute toxicity	
Eyes	No known effect
Skin	No known effect
Inhalation	No known effect
Ingestion	No known effect
Chronic toxicity	No known effects under normal use conditions
Main symptoms	Overexposure may cause: mild respiratory irritation similar to nuisance dust.
Aggravated Medical Conditions	None under normal use conditions
Indication of immediate medical at	ttention and special treatment needed

Protection of first-aiders No special protective equipment required

Notes to physician Treat symptomatically

5. FIRE-FIGHTING MEASURES

Extinguishing media

Suitable extinguishing media Use water spray or fog; do not use straight streams, Foam Unsuitable extinguishing media Do not use a solid water stream as it may scatter and spread fire

Special hazards arising from the substance or mixture

Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard

Hazardous combustion products

Hazardous decomposition products due to incomplete combustion, Carbon oxides, Nitrogen oxides (NOx)

Advice for fire-fighters

In the event of fire and/or explosion do not breathe fumes. Wear fire/flame resistant/retardant clothing. Use self-contained pressure-demand breathing apparatus if needed to prevent exposure to smoke or airborne toxins. Wear self-contained breathing apparatus and protective suit

Other information

FlammabilityNot flamFlash pointNot appl

Not flammable. Will not readily ignite. Not applicable

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Avoid breathing dust

Environmental precautions

Although toner is not an aquatic toxin, microplastics may be a physical hazard to aquatic life and should not be allowed to enter drains, sewers, or waterways

Methods and material for containment and cleaning up

Methods for containment Methods for cleaning up Prevent dust cloud Use an electrically protected vacuum cleaner to remove excess, then wash with COLD water. Hot water fuses the toner, making it difficult to remove

Reference to other sections

See section 12 for additional ecological information See Section 13 for additional information

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on safe handling Handle in accordance with good industrial hygiene and safety practice, Avoid dust accumulation in enclosed space, Prevent dust cloud

Hygiene measures

None under normal use conditions

Conditions for safe storage, including any incompatibilities

Technical measures and storage conditions

Keep container tightly closed in a dry and well-ventilated place, Store at room temperature

Incompatible products None

Specific end uses

Xerographic printing

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control parameters

OSHA PEL TWA: 3.5 mg/m³

Xerox Everyday T	oner- Black
------------------	-------------

Exposure Limits ACGIH TLV TWA	10 m	a/m ³ (inholphic particles)
ACGIH TLV TWA		g/m ³ (inhalable particles)
		/m ³ (respirable dust)
OSHA PEL TWA		g/m ³ (total dust)
OSHA PEL TWA		/m ³ (respirable dust)
Xerox Exposure Limit		ng/m³ (total dust)
Xerox Exposure Limit	0.4 m	ng/m ³ (respirable dust)
Component Information		
		ACGIH TLV
Chemical Name		ACGINITEV

Exposure controls

Engineering measures

None under normal use conditions

Individual protection measures, such as personal protective equipment (PPE) e equipment required

Eye/Face protection	No special protective equipment required
Hand protection	No special protective equipment required
Skin and body protection	No special protective equipment required
Respiratory protection	No special protective equipment required.
Thermal hazards	None under normal processing

Environmental Exposure Controls

Environmental Exposure Controls

Keep out of drains, sewers, ditches and waterways

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Appearance Physical state Color	Powder Solid Black		Odor Odor threshold pH	Faint Not applicable Not applicable
Flash point		Not applicable		
Melting / Free Boiling point Softening po	/range	Not applicable Not applicable 49 - 60 °C /	120 - 140 °F	-
Evaporation Flammability Flammability		Not applicable Not flammable. Will not Not applicable	t readily ignite.	
Viscosity Explosive pro	y ity lity fficient temperature on temperature operties	source is a potential du		entrations, and in the presence of an ignition
Oxidizing pro		Not applicable		

Other information None

10. STABILITY AND REACTIVITY

Reactivity

No dangerous reaction known under conditions of normal use

Chemical stability

Stable under normal conditions.

Possibility of hazardous reactions

Hazardous reactions Hazardous polymerization

None under normal processing Hazardous polymerization does not occur

Conditions to avoid

Prevent dust cloud. Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard.

Incompatible Materials

None

Hazardous decomposition products

None under normal use

11. TOXICOLOGICAL INFORMATION

The toxicity data noted below is based on the test results of similar reprographic materials.

Information on toxicological effects

Acute toxicity	
Product Information	
Irritation	No skin irritation, No eye irritation
Oral LD50	> 5 g/kg (rat)
Dermal LD50	> 5 g/kg (rabbit)
LC50 Inhalation	> 5 mg/L (rat, 4 hr)

Component Information

Chemical Name	LC50 Inhalation	Dermal LD50	Oral LD50
Carbon black		3 g/kg (Rabbit)	15400 mg/kg (Rat)
Amorphous silica	>2.2 mg/L (Rat)1 h	>2000 mg/kg (Rabbit)	>5000 mg/kg (Rat)

Chronic toxicity

Sensitization	No sensitization responses were observed
Neurological Effects	No information available
Target organ effects	None known

CMR Effects

CMIR Effects			
Mutagenic effects	Not mutagenic in AMES Test		
Reproductive toxicity	This product does not contain any known or suspected reproductive hazards See "Other Information" in this section.		
Carcinogenicity			
Chemical Name		NTP	IARC
Carbon black			2B

Other information

The IARC (International Agency for Research on Cancer) has listed carbon black as "possibly carcinogenic to humans". However, Xerox has concluded that the presence of carbon black in this mixture does not present a health hazard. The IARC classification is based on studies evaluating pure, "free" carbon black. In contrast, toner is a formulation composed of specially prepared polymer and a small amount of carbon black (or other pigment). In the process of making toner, the small amount of carbon black becomes encapsulated within a matrix. Xerox has performed extensive testing of toner, including a chronic

bioassay (test for potential carcinogenicity). Exposure to toner did not produce evidence of cancer in exposed animals. The results were submitted to regulatory agencies and published extensively.

Other toxic effects	
Aspiration Hazard	Not applicable
Other adverse effects	None known

Information on other hazards

Endocrine disrupting properties This product does not contain any known or suspected endocrine disruptors

12. ECOLOGICAL INFORMATION

Toxicity

On available data, the mixture / preparation is not harmful to aquatic life

Component Information

Chemical Name	Toxicity to algae	Toxicity to fish	Toxicity to	Toxicity to daphnia and
		_	microorganisms	other aquatic invertebrates
Carbon black				EC50 > 5600 mg/L 24 h
Amorphous silica	440 mg/L EC50 72 h (Pseudokirchneriella subcapitata)	LC50= 5000 mg/L Brachydanio rerio 96 h		EC50 = 7600 mg/L 48 h

Persistence and degradability

Not readily biodegradable

Bioaccumulative potential

Bioaccumulation is unlikely

Mobility in soil

Insoluble in water

Results of PBT and vPvB assessment

This substance is not considered to be persistent, bioaccumulating nor toxic (PBT)

Endocrine disrupting properties

This product does not contain any known or suspected endocrine disruptors

Other adverse effects

Although toner is not an aquatic toxin, microplastics may be a physical hazard to aquatic life and should not be allowed to enter drains, sewers, or waterways.

13. DISPOSAL CONSIDERATIONS		
<u>Waste treatment methods</u> Waste Disposal Methods	Can be landfilled or incinerated, when in compliance with local regulations If incineration is to be carried out, care must be exercised to prevent dust clouds forming.	
Contaminated packaging	No special precautions are needed in handling this material	
Other information	Although toner is not an aquatic toxin, microplastics may be a physical hazard to aquatic life and should not be allowed to enter drains, sewers, or waterways.	

14. TRANSPORT INFORMATION

This material is not subject to regulation as a hazardous material for shipping

xerc

15. REGULATORY INFORMATION

Safety, health and environmental regulations/legislation specific for the substance or mixture

OSHA Regulatory Status

This product is an article which contains a mixture / preparation in powder form. Safety information is given for exposure to the article as sold and used by the customer. Intended use of the product is not expected to result in exposure to the mixture / preparation based on the packaging and method of dispensing.

While this material is not considered hazardous by the OSHA hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information for the safe handling and proper use of the product. This SDS should be retained and made available to employees and other users of this product.

Canada

This product has been classified in accordance with the hazard criteria of the Hazardous Products Regulations (HPR), and the SDS contains all the information required by the HPR.

International Inventories

TSCA	Complies
DSL/NDSL	Complies

U.S. Federal Regulations

SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372 **Clean Water Act**

This product is not regulated as a pollutant pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs) (see 40 CFR 61)

This product is not regulated as a hazardous air pollutant (HAPS) under Section 112 of the Clean Air Act Amendments of 1990. CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

US State Regulations

California Proposition 65

Carbon black is regulated under California Proposition 65 only if in the form of "airborne, unbound particles of respirable size". Toner products do not contain carbon black in the form of "airborne, unbound particles of respirable size". Therefore, the requirements of Proposition 65 do not apply to this product.

Chemical Name	CAS No.	California Prop. 65
Carbon black	1333-86-4	Carcinogen

U.S. State Right-to-Know Regulations

Although this product contains substances included in some U.S. State Right-to-Know regulations, the particles are bound in a unique matrix and, therefore, the product does not pose any specific hazard.
