WypAll® L10 EXTRA General Clean - Large Roll / Blue

Marketing Brand: WypAll®

Sub Brand: L10 EXTRA

Product Title: WypAll® L10 General Clean™ Light Duty Wipes BL 7140 - Large Roll Wiping Paper - 1 Blue Roll x 1,500 Paper Wipers

General Description: From wiping up grime, oil and grease to soaking up food prep spills, having the right wipe on hand is crucial to your operation. A clean, absorbent and durable alternative to paper towels, rags and shop towels, WypAll® offers a wide range of task-specific wipes and cloths designed to meet your industry needs and enhance your confidence in every clean. The General Clean™ range helps create a clean work environment with effective light-to-medium duty general cleaning solutions. No matter which surfaces they come into contact with throughout their day, give your employees and visitors greater peace of mind by providing proven cleaning and disinfecting workplace hygiene solutions to help break the chain of germ transmission. The WypAll® L10 Extra range has been designed to provide customers with great reliability for multipurpose wiping and cleaning tasks. These dry cleaning wipes are the ideal solution for light duty wiping and perfect for tasks such as polishing glass, cleaning surfaces and tools. Blue roll is designed to be easily detectable in contamination critical environments. The unique Airflex™ base sheet technology of these disposable paper wipes is strong enough to see any job through from start to finish without falling apart and absorbent enough to clean up most spills with ease. WypAll® L10 General Clean™ Light Duty Wipes BL come at the value you would expect from a limited-life wiper, but with exceptional strength and absorbency resulting in fewer wipers used and less money spent. This WypAll® wiping paper can be used once with detergent or disinfectant. These disposable wipers have been tested as compatible for use in spray and wipe application with peracetic acid, hydrogen peroxide and quats (quaternary ammonium compounds). Spray and wiping compatibility helps to ensure workers can wipe own workspaces, vehicles, desks, seating and food prep areas before and after use. Spray and wipe also helps to enable production workers to clean down/sanitise individual workstations before hand-off to next shift. For environments where fully saturated wiping is a requirement, these WypAll® wiping rolls are tested as compatible with soap/detergent. Always follow manufacturers instructions for dilution, application and contact time. These industrial wipers are delivered in a large roll format, providing easy access to the wipers using a dispenser in larger manufacturing and industrial work areas, or anywhere requiring extensive wiping. These Kimberly-Clark wipers are compatible with Kimberly-Clark Professional™ large roll dispensers (product codes 6146, 6154 and 6155). Individual sheet size measures 38cm (L) x 23.5cm (W).

FEATURES AND BENEFITS

- Each WypAll® L10 wiping roll contains 1,500 blue, 1 ply wiping paper sheets
- The single-use, dry cleaning wipes are perfect for light-duty wiping, such as polishing glass, cleaning surfaces and tools; Blue towel roll is designed to be easily detectable in contamination critical environments
- The Airflex™ base sheet technology of these paper wipes is strong enough to see any job through from start to finish without falling apart and absorbent enough to clean up most spills with ease
- Large wiper roll format ideal for larger manufacturing and industrial work areas, or anywhere requiring extensive wiping
- The WypAll® wipers are compatible with a range of Kimberly-Clark Professional™ rolled hand towel dispensers
